

## **Biography: Clayton Jordy-Fowlds**

### **EY - Diversity & Inclusive Engagement Officer**

With 3 Years experience in the Diversity & Inclusive space, I am learning more and more about myself and the challenges we still face in the working world.

Just like EY, I too value and respect individual differences, not just as they relate to gender or ethnicity but also background, education, nationality, generation, age, working style, religion or belief, sexual orientation, gender identity, ability and technical skills. And through Inclusiveness we get the best out of these differences to achieve better results.

I strive to create an environment where all feel valued and have a space where they too can belong – where they can bring their different perspectives daily and contribute their personal best in every encounter.

My life's motto: "In the end all will be alright and if it's not alright then it's not the end"
